*we understand girls & women as a gender and encourage everyone who identifies as female to apply to our programme

WHAT IS FEMTEC

Femtec adds what university education lacks.

While taking your university courses, the Career-Building Programme teaches you crucial skills for your future career.

Femtec stands for sustainable networking, confidence, working innovatively and diversifying the corporate world. With Femtec you will learn to be confident.

We show you how you can actively shape your career – without bending your personality!

YOU CAN APPLY IF

- you study a STEM degree programme at one of the participating universities
- you are doing your master's degree and you're passionate about it
- you speak English at a high level

EMPOWER

You will be part of a unique network of STEM talents. Excellent coaches support your personal and career development empathetically. You will learn about current leadership concepts and new approaches to deal with complex challenges.

CONNECT

Femtec has supported more than 1.500 female students who have shaped their careers over the past 20 years. Many of these women now work in top positions at renowned companies, scientific institutions or technical universities and are still associated with Femtec. If you become part of the Femtec network, you can benefit from these experiences and contacts.

INSPIRE

In an innovation project you will work together with our partners from industry, research and science to develop pioneering solutions for tomorrow's challenges. Our careers are the result of the decisions we make. With individual coaching sessions we support you in deciding career-related matters that you would like to tackle.
